projects:

- 1 “Luther for today”** – How is what Luther taught still relevant to youth today? Video presentation.
- 2 “Luther for people 1”** - ML was active in his community and dealt firmly with social issues and challenges of his time. We will actively work on a project in a Wittenberg school for three days (painting walls, etc.)
- 3 “Luther for people 2”** Another project is to serve people who are in need (helping them shop, cleaning their rooms, etc.)
- 4 “Luther for kids”** – ML felt it was important that children get a good Christian education. We continue that emphasis by offering a 3-day Vacation Bible School for children in Wittenberg.

Sent by the Lord, who tells us to help our neighbour (Luke 10:37), we want to show the people of Wittenberg the love of Christ.
